About The Venue Theatre

The Venue Theatre Company, founded in 2013 as an educational 501c3 nonprofit, provides enriching performing arts education for the youth of the greater Denver and Foothills area. With highly trained, Broadway experienced educators, The Venue meets all children at the level they are currently at and encourages them to develop their skills both as performers and as individuals.

Here at The Venue Theatre Company, we are deeply invested in the magic of art and performance. We believe in opening hearts and minds by giving youth the tools to share their songs and stories. The Venue is more than just a nonprofit theatre—it's a safe haven comprised of students, volunteers, and instructors all working toward one common goal: creating the best environment for children and young adults to become all that they can be.

The Venue Theatre is committed to being a diverse, inclusive, and safe space for authentic expression and creative collaboration. All students, crew members, and volunteers, whatever their race, ethnicity, national origin, age, gender identity or expression, sexual orientation or identity, biology, education, neurodiversity, or physical ability, will be honored, integrated, and respected.
